EXPERIENCE

Adobe Systems, Noida | May '16 – July '16   UX Design Intern

- Work involved creating an end-to-end solution for Youtubers, Social Media Managers etc. to help them create high quality video and animation content for Social Media.

Statusbrew, Amritsar | December'15   UX Design Intern

- Work involved improving the experience of a web application Statusbrew, a tool for managing user's social community (Facebook, Twitter, Instagram etc.).

Sigmoid, Bengaluru | May '15 – July '15   SDE | UX Design Intern

- Worked on a use-case SigCloud, which caters easy deployment of packages of big data services on cloud based infrastructure, along with the provision of monitoring & management of these services & infrastructure health.

PROJECTS

Saathi CHI'16 | Oct'15 – Jan'16   Wearables | Time perception

- Saathi is a smart watch which taps the problem of lack of time perception amongst children with learning disabilities, by displaying time in the form of visuals, audio feedback and images from the daily life.

Ignition - Startup Assist | Sep'15 – Nov'15   Startups | Systems Approach

- Analyzing journey of various Service-based Startups & developing an end-to-end solution for increasing their chances of success by closely linking Startups, Investors and Freelancers and making them more aware.

Sociotags OzCHI'15 | Aug'15   Social Interaction | Airports

- Sociotags are color coded smart tags, brought in place of Airport handbag tags, which tries to cater the problem of social isolation by depicting similar interests in people travelling and motivating them to interact.

Achivements

CHI'16 Student Design Competition Winner. Co-Presenting author at the Conference held in San Jose, CA.

OzCHI'15 Student Design Competition Runners-up. Selected in top 6 teams.

Selected in Chess Nationals two times for U-14 and U-19 categories.

Publications

"Saathi: Making it Easier for Children with Learning Disabilities to understand the concept of Time" - ACM-DL

"Smart tags to increase interactions at Airports" - Digital proceedings of OzCHI'15 Conference
